Wine Reviews

★★★★☆ (Oops) Chardonnay Valle Central 2007 (Chile)

FEATURED

Pale golden straw color. The nose is bright and crisp with notes of green apple, pear and just under ripe stone fruits accented by mineral (wet river stones) and a hint of vanilla. The palate echoes the nose being rich while dry and sprite with long, lingering fruit flavors. Ideally balanced with a generous dose of fresh acidity making this Chardonnay a versatile player at your dinner table.
